A man, either the mysterious Oliver Osborne or James W. Osborne, the noted lawyer of New York City, took Miss Rae Tanner to the Kensington Hotel of Plainfield, N. J., on maybe some one day did so. The names "Mr. Osborne" and "Mrs. Osborne" were signed on the register. J. W. Osborne says he didn't sign them.

He was asked during the preliminary hearing of Miss Tanner on the charge of fraudulently using the mails to write the name "O. Osborne." He readily complied, and some persons thought the handwriting in the two instances was very much alike. Nevertheless, the lawyer was as firm in his denial that he had ever seen Miss Tanner.

HERO OF STATE PEN FIGHT HAS BEEN "FIRED"

McAlester, April 2.—R. J. Ritchie, the state penitentiary guard who shot and killed China Reed, Fred Lane and Charles Kuntz, the three fugitive convicts who started the riot in the state penitentiary January 26, 1913, has been discharged from the prison service. Failure to make successful use of the prison blood hounds in several recent hunts for escaping trustees is assigned as the reason. R. W. Dick is the reason for Ritchie's discharge.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with Olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

If you have bad taste in your mouth, tongue coated, appetite poor, lax, don't-care feeling, an ambition of energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

CANADA ALSO FIGHTS FOR PROHIBITION

ENDORSES THE RIGID ANTI-LIQUOR ORDER OF THE BRITISH RULER

Montreal, April 2.—The stand taken by King George in regard to the liquor question in Great Britain has been warmly approved here. A number of eminent Canadians in statements made today declared themselves in favor of restricting the use of alcoholic drinks.

Dispatches from St. John quoted Premier Claude of New Brunswick as saying that his government was considering the prohibition of the use of alcohol in the province of New Brunswick during the war.

Premier Murray of Nova Scotia today issued a temperance delegation which asks that an advanced step toward prohibition be taken, that his government had the matter under consideration.

Saskatchewan has already abolished the bar for the duration of the war.

Manitoba and Ontario have initiated restrictive legislation in regard to the sale of liquor.

J. P. Jones, Boone, Ark., writes: "I had a severe case of kidney trouble and could not work at all. Riley Kidney Pills straightened me out at once." The same story is told by thousands of others: weak back, rheumatism, kidney and bladder troubles yield quickly. Safe and effective. Sold everywhere.
